

JOB DESCRIPTION – SALESFORCE DEVELOPER

Position Title

Salesforce Developer

Department

Technology / CRM Development

Location

Pune / Hybrid / Remote (as applicable)

Employment Type

Full-Time

Experience Required

2–5 Years

About the Role

We are looking for a skilled and motivated Salesforce Developer with 2–5 years of hands-on experience in Salesforce development and customization. The ideal candidate should have expertise in Apex, Lightning Components, Visualforce, and Salesforce integrations.

The candidate will work closely with business stakeholders, administrators, and technical teams to develop scalable CRM solutions and enhance overall platform efficiency.

Key Responsibilities

- Develop and customize Salesforce applications using Apex, Visualforce, and Lightning Web Components.
- Design and implement scalable Salesforce solutions.
- Develop triggers, workflows, process builders, and flows.
- Integrate Salesforce with third-party applications using REST/SOAP APIs.
- Perform unit testing, debugging, and deployment activities.
- Collaborate with business analysts and stakeholders to understand requirements.
- Maintain data quality, security, and system performance.
- Participate in Agile/Scrum ceremonies and sprint planning.
- Create technical documentation and deployment guides.
- Support production issues and enhancement requests.

Required Technical Skills

- Salesforce CRM
- Apex Programming
- Lightning Web Components (LWC)
- Visualforce
- SOQL & SOSL

- REST/SOAP APIs
- Salesforce Flows & Process Builder
- Triggers & Batch Classes
- Git/GitHub
- CI/CD concepts

Preferred Skills

- Salesforce Platform Developer I Certification
- Knowledge of Salesforce integrations
- Exposure to Sales Cloud and Service Cloud
- Experience with Jira and Agile methodologies
- Understanding of security and sharing rules

Required Qualifications

- Bachelor's degree in Computer Science, Information Technology, or related field.
- 2–5 years of Salesforce development experience.
- Strong understanding of Salesforce architecture and platform capabilities.
- Excellent problem-solving and communication skills.

Soft Skills

- Team collaboration
- Analytical thinking

- Strong communication skills
- Ownership and accountability
- Adaptability and willingness to learn

Interview Process

1. HR Screening
2. Salesforce Technical Assessment
3. Technical Interview
4. Managerial Discussion
5. HR Discussion & Offer Release

Compensation & Benefits

- Competitive salary package
- Health insurance
- Flexible work environment
- Learning and certification support
- Performance incentives
- Paid leaves and holidays
